

Your Window to the Universe!

The Northern Cross Science Foundation has been a window to the universe for all of the Milwaukee north shore and its western neighbors since 1974. We have the facilities and expertise you need to launch your own space exploration program. Dedicated to the pursuit of astronomy and related sciences on an

amateur level, the NCSF is a small, friendly organization, where anyone can feel comfortable as a member. With the NCSF, you can take your first step into outer space and see the universe “up close and personal.”

See reverse side for more information and schedule or click www.ncsf.info

NCSF Member Benefits

Observatory Members can gain access to the Jim & Gwen Plunkett Observatory and use the 20” Panarusky Telescope and other instrumentation at Harrington Beach State Park.

Observer’s Network Members opting to be on this list will be emailed by other members when organizing impromptu observing sessions.

Scope Loans Don’t have a telescope? Borrow one from us! We have many different kinds available.

Monthly Newsletter SPECTRUM contains all Foundation news and event notices, as well as science-related articles and other items submitted by the membership.

Discounts Members can get a subscription to Astronomy and/or Sky & Telescope at reduced rates. In addition, some astronomical vendors offer discounts to Foundation members.

Educational Programs Members can participate in a number of programs, from structured, goal-oriented observing to informal astro-imaging classes and mentoring.

Membership Dues

Annual membership dues are \$25.00 for an individual student, \$36.00 for a family, and \$70.00 for patron.

Meetings

Meetings are held the first Thursday of the month at the Jackson Community Center, N165 W20330 Hickory Lane in Jackson, WI. Attire is casual and the public is welcome. Programs are announced on social media and our website. Meetings start at 6:00pm and end by 8:00pm.

Scope Us Out! 2026 5/10

One of our missions is public education. Public Viewing Nights are excellent opportunities for people of all ages to learn about their universe. Most events are held at Harrington Beach State Park (north of Port Washington on Interstate 43). Please call (262) 338-8614 or (262) 674-0610 for more information. Or click www.ncsf.info.

Friday, May 22	Harrington Beach State Park	9-11pm
Saturday, May 23	Harrington Beach State Park	9-11pm
Saturday, May 23	Pike Lake State Forest (Campground)	8-11pm
Saturday, June 6	Pike Lake State Forest (Beach)	10am-2pm
Friday, June 19	Harrington Beach State Park	9-11pm
Saturday, June 20	Harrington Beach State Park	6-11pm
Saturday, June 20	Pike Lake State Forest (Campground)	8-11pm
Friday, July 17	Harrington Beach State Park	9-11pm
Saturday, July 18	Harrington Beach State Park	9-11pm
Saturday, July 18	Pike Lake State Forest (Campground)	8-11pm
Friday, August 14	Harrington Beach State Park	9-11pm
Friday, August 15	Harrington Beach State Park	9-11pm
Saturday, August 15	Pike Lake State Forest (Campground)	8-11pm
Saturday, Sept 5	Reuss Ice Age Visitors Center Talk at 7:30pm, viewing after	7:30-11pm
Saturday, Sept 12	Pike Lake State Forest (Campground)	8-11pm
Friday, Sept 18	Harrington Beach State Park	8-11pm
Saturday, Sept 19	Harrington Beach State Park	8-11pm
Saturday, Sept 19	Pike Lake State Forest (Campground)	8-11pm
Friday, October 16	Harrington Beach State Park	8-11pm
Saturday, October 17	Harrington Beach State Park	8-11pm
Saturday, October 17	Pike Lake State Forest (Campground)	8-11pm

All events feature telescope viewing of the night sky. In addition, we will have solar viewing during those few events with daytime hours. Viewing is subject to clear skies, however — they haven’t invented “cloud filters” yet!
